AUTOMATIC PUNCHING MACHINE

As easy to use as a photocopier !

This versatile machine is a compact, free-standing unit, designed to make light work of diverse punching needs, and able to punch up to 30 reams of paper per hour.*

Ergonomic styling allows all operations (including tool changes) to be performed from the front of the machine by a simple touch key control panel.

* (80 gsm paper, allowing time for loading / unloading operations and pending on paper and ink quality)
