Spool Wire-O® Cutter

Specifications:

- Cuts any length from 5 to 99 loops
- Quick and easy pitch changeover
- 3:1 & 2:1 pitch wheels included
- Batch Count
- Pneumatic wire cutter
- Adjustable spool unwinding time
- Audible alert when batch completed

The "Count & Cut" allows accurate cutting of Wire-O® Double loop wires from spools into elements of any length, quickly and accurately at the touch of a button. This reduces waste for non-standard documents and eliminates lead-times on ordering non-standard cut lengths.

Technical:

Voltage: 230v / 50Hz - logic control 24v DC
Pressure: Min 0.6MPa, lubricated, filtered. (Max. 10l/min)

Above air supply required (not included)

Price: £3950 + vat
